

BACB

البنك التجاري العربي البريطاني

Bullion

BACB provides a highly competitive service to clients looking to take, or hedge, exposure to Gold and Silver markets. Using “unallocated” contracts, clients may buy or sell either precious metal over account, for spot or forward settlement, but may NOT take or make physical delivery.

The physical delivery bullion market has significant transport, storage, and insurance costs, which distort the price. We can suggest physical traders if required.

We also supply information on market movements from the past, to enable clients to make decisions about possible future risks.

The service is available every working day from 0730hrs to 1700hrs London time.

BACB only undertakes bullion trading for clients that can be classified as market counterparties in accordance with FSA rules.

Documentation is covered by IFEMA or ISDA agreement.

BACB is authorised and regulated by the Financial Services Authority.

For access to our world-class service please call any numbers below. For your convenience, you may call in Arabic, French or English.
